2.1 Project Total Cost Grant Amount Requested  
 \$ 39,000.00 \$ 15,000.00

3.0 **Project Description** – All grant applications, including administrative, must include a detailed project description. At a minimum, answer the following:

- 3.1 The project's goals and how the project will be conducted (such as, how will materials be collected and marketed, and how public awareness of the project will be increased).
- 3.2 What items are/will be recycled.
- 3.3 Project location and population served by the proposed project (whom do you expect to participate in the program?).
- 3.4 The days and hours of operation. (If funding equipment, how many days/hours will it be used for the project?)

# NEA00-06

3.0 Project Description: All grant applications, including administrative, must include a detailed project description. At a minimum, answer the following:

## 3.0 Project Description

**This grant application is for \$15,000 to fund the administrative costs necessary for the various aspects of the district's recycling program.** Costs such as (*but not limited to*) phone calls to coordinate the pickup of truckloads of baled recyclable materials, and other recycling activities, office supplies for recycling reports, etc.; postage and postal supplies for corresponding with ADEQ and other agencies, and a host of other administrative costs for continuation of our recycling program.

3.1 *The project's goals and how the project will be conducted (such as, how will materials be collected and marketed, and how public awareness of the project will be increased?).*

**The project's goals** are to provide current documentation as required by the Arkansas Department of Environmental Quality, in certain reports. These reports such as the Annual Recycling Grants Progress Reports, and the Annual Recyclable Materials Activity Survey are two important reports the district is responsible for submitting. The progress reports describe the dollar amounts received in recycling grants, how the funds were spent, and discussions of matters pertaining to the expenditures. The activity survey list the recyclable materials that have been collected, the amount (tons), the person or company we sold the items to and the dollar amount we received for the sales. Also, we show the landfill space saved due to our collection containers sited in various places throughout the four counties. **Our goals** are to maintain an outstanding recycling program for our district and to do so means that it must be administered in an outstanding manner. Specifically, we strive to maintain accurate and up to date records enabling us to submit accurate reports to ADEQ and other agencies as promptly as possible.

**We conduct the project** (provide administration) in-house through the Landfill and Recycling Operations Office Manager, the Recycling Center Manager, and the Executive Director. The office manager and the recycling center manager coordinate the sales of recyclable materials. Once the type of material is sold, we maintain a copy of the bill of lading showing the weight of the material. Later, we receive money from the broker. Upon receipt of the money, the office manager then describes the transaction in the district's monthly Statement of Operations. The district's executive director then uses twelve months of data shown in these Statements to compile the Annual Recyclable Materials Activity Survey. The executive director also keeps track of the amounts of grants received from the Arkansas Department of Environmental Quality and expenditures for each project and is then able to complete the Annual Recycling Grants Progress Reports and submit them to ADEQ.

The district also incurs administrative costs such as publishing public notices, concerning recycling, in the district's six newspapers; advertisements to inform the public of our recycling operations; educational brochures describing the various materials we accept and where our collection containers are located; workshops for educating teachers (and subsequently the students) on the importance of recycling; corresponding via letter, fax, and phone with recyclable materials brokers and end-users; provide reports to ADEQ and other agencies depicting current and historical information on the types and amounts of materials collected,

baled, and sold, and various other administrative costs necessary for the district to successfully continue its recycling operations.

**The district collects the materials and markets** them to recyclable materials brokers. Currently, the district has markets for several items described in 3.2.

**Public awareness is provided**, and continually increases, through the district's recycling brochure that describes the different types of materials that we accept, and where the residents can drop-off their recyclable materials. Further, representatives from the Recycling Branch of the Arkansas Department of Environmental Quality provide recycling education at their Recycling Education Seminars they conduct annually at the Black River Technical College and/or at the Northeast Arkansas Teachers' Cooperative in the City of Hoxie.

- 3.2 *What items are/will be recycled?* **We accept a variety of items** such as clear glass, old newsprint, plastic soda bottles, plastic milk jugs, assorted plastic containers, old corrugated cardboard, chipboard (cereal boxes and soda containers for example), unwanted mail and other office type paper, aluminum and other metals, and electronic waste items such as any kind of office machine (computers, fax machines, copy machines, telephones, etc.)
- 3.3 *Project location and population served by the proposed project (whom do you expect to participate in the program?).* **The residents of the district's four counties.** There are more than 90,000 residents according to the 2000 Census.
- 3.4 *The days and hours of operation. (If funding equipment, how many days/hours will it be used for the project?).* **The district's recycling containers are available all the time.** Our recycling center is open Monday through Friday from 7:30 a.m. to 4:00 p.m.

**4.0 Administrative Requirements**

4.1 Does the applicant hold current environmental permits required for this project?

Yes  No  No, but have applied  Not Applicable

4.2 If existing equipment serves the project area, provide justification why this project is not a duplication of services.

4.3 Does the applicant have sufficient resources to effectively operate the project for the purpose(s) specified in the application? *(Grant recipients must show that adequate revenues are being collected to support the long-term operation and maintenance of a grant-funded project. Items such as equipment maintenance and supplies, utilities, labor and transportation costs should be considered.)*

Yes  No

4.4 Projected beginning date September 2006

4.5 Projected completion date continuous

4.6 Attach completed Budget, Appendix A

4.7 Attach signed Minimum Conditions of Grants, Appendix B

4.8 Attach proof of publication and public comments received regarding the grant request. *(A description of the grant proposal must be inserted in a newspaper of general circulation in the area affected by the project a minimum of 30 days prior to the submission of the grant application. This must include a solicitation of written comments from the public. For a sample public notice, see Appendix C)*

**Ensure that Section 5.0 Signature and Certification is completed and accompanies each grant application.**

Grant Number

NEA 00-06

**5.0 Signature and certification**

The authorized representative of the organization applying for the grant and the Regional Solid Waste Management Board Chairman both must sign the application. The authorized representative must have the authority to obligate the applicant's resources.

I certify that to the best of my knowledge, the information provided in this application and its attachments is correct and true. I understand and agree that if grant money is subsequently awarded as a result of this application, I will comply with all applicable statutory provisions and with applicable terms, conditions, and procedures of the ADEQ grant program. I certify that all proposed activities will be carried out and that all grant money received will be utilized solely for the purposes for which it is intended unless written authorization is provided by the Regional Solid Waste Management District and the Arkansas Department of Environmental Quality.

**APPENDIX A – PROJECT BUDGET**  
**COSTS SHOULD BE BUDGETED FOR FIRST YEAR ONLY.**  
**REVENUE SHOULD BE PROJECTED FOR THREE YEARS.**

**Grant Number**  
*NEA 00-06*

**(A) PROJECT BUDGET SUMMARY – Fill In all applicable spaces. Total ADEQ Grant Funds Requested and Total Project Costs must match the figures shown on page one (1) of the application. Be sure to total grant funds requested, matching resources, and total costs. Providing matching resources is not mandatory to be considered for a grant but is a measure of cost effectiveness of your application.**

(A) Project Budget and Summary	ADEQ Grant Funds Requested	Matching Resources*	Total Costs
1. Personnel Services	0	12,000	12,000
2. Professional Services	0	0	0
3. Capital Outlay	0	0	0
4. Services and Supplies	15,000	12,000	27,000
5. Total ADEQ Grant Funds Requested (Transfer to Page 1)	15,000		
6. Total Matching Resources Committed to the Project		24,000	
<b>TOTAL PROJECT COST</b> (Transfer to Page 1)			39,000

**(B) REVENUE TO CONTINUE PROGRAM – List all revenue sources, present or future, to maintain the project beyond the grant. This section must be completed.**

(B) Revenue to Continue Program	Year 1	Year 2	Year 3
Grant Funds (specify type of grant)	15,000	20,000	25,000
Landfill Tipping Fees	20,000	25,000	30,000
Local Sales Tax	0	0	0
Mandatory User Fees	0	0	0
Sale of Recycled Material	10,000	10,000	10,000
Solid Waste Assessment	0	0	0
Other (specify)	0	0	0
<b>TOTAL REVENUE</b>	45,000	55,000	65,000

## APPENDIX B - MINIMUM CONDITIONS OF RECYCLING GRANTS

The following items are **not** eligible for funding from recycling grants:

Taxes  
Reimbursement of funds  
Retroactive purchases  
Legal fees  
Licenses or permits  
Land acquisition  
Vehicle registration  
Utilities including telephone  
Office equipment

All grants are subject to the requirements of A.C.A §8-6-601 et. seq. and Arkansas Pollution Control and Ecology Commission Regulation 11, Chapter Five: Solid Waste Management and Recycling Grants Program. Highlights include:

Grant Recipients agree to:

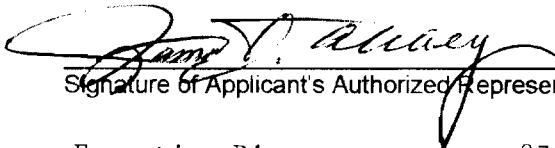

- Conform to all state laws on the purchase, use or sale of equipment and facilities secured with grant funds.
- Have design plans for construction of permanent facilities with an estimated cost of \$50,000 or greater approved by a professional engineer unless otherwise approved by ADEQ.
- Seek competitive bids or requests for proposals (RFP) for purchase of equipment or services with an estimated cost of \$10,000 or greater. This should be done through an advertisement in an area newspaper of general circulation.
- Start grant project before application deadline for the next grant round. Delays must be approved in writing by both the RSWMD and ADEQ.
- Develop the recycling program presented in the application and expend all grant funds within three years. Extensions must be approved in writing by both the RSWMD and ADEQ.
- Actively seek to market or reuse materials collected in three years.
- Use any interest earned on grant funds exclusively for this or other recycling programs.
- Maintain an orderly accounting system to document that grant expenditures are made in accordance with project budget. This includes keeping copies of all bids, paid invoices, canceled checks, and other appropriate paperwork.
- Report to the RSWMD for five or more years as directed by ADEQ & the board.

RSWMD Boards agree to:

- Establish or designate at least one adequate recyclable materials collection center in each county.
- Ensure that all applicable federal, state and local permits and licenses have been obtained; the project has begun; and adequate revenue sources for continuation of the program are in place before disbursing grants funds.
- Ensure that recipients conform to all state laws that are applicable to the purchase, use or sale of equipment and facilities secured with state funding.
- Ensure that facilities or equipment purchased with grant funds be used exclusively for the general purposes specified in the grant application. **Note: facilities and equipment purchased with grant funds may not be sold, traded or transferred without the Department's written consent.**
- Require grant recipients to maintain an orderly accounting system to document that expenditures are made in accordance with project budget. This includes keeping copies of all bids, paid invoices, canceled checks and other appropriate paperwork.
- Review any change order forms submitted. If approved, submit to ADEQ.
- Review requests for delay of start of grant projects. If approved, submit to ADEQ.
- Compile and submit annual progress reports to ADEQ by **September 1** of each year for a period of five years following the disbursement of funds, or until the expenditure of grant funds is complete.
- Notify ADEQ in the event a recipient has not met conditions of the approved grant application.

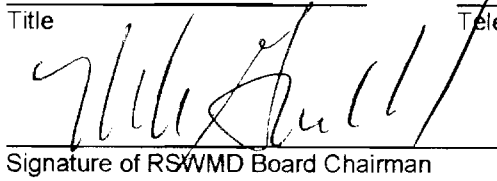

**All grants are subject to audit.** Department personnel have the right of access to all records pertaining to a grant-funded project or activity.

I hereby certify that I have read and agree to the conditions of grants as stated above and contained in the listed legislation and regulation.
