## PROJECT DESCRIPTION

The Pulaski County Regional Solid Waste Management Dist. will allocate \$52,516.00 of the 2009 recycling grant funds for administration of projects within the district, including requesting, disbursing and reporting on the usage of grant funds. Other projects include technical assistance to the localities in the county, the household chemical collection program, special recycling educational events, electronics recycling, coordination of Board and Technical Committee activities and other administrative requirements.

The Pulaski County Regional Solid Waste Management Dist. has worked with its municipal governments in the county to implement the most efficient, integrated solid waste management program possible for Pulaski County residents. Establishing recycling programs for the residences is key. Pulaski County has one of the most aggressive and comprehensive programs in the state and the District strives on updating and improving.

Pulaski County's population is 361, 474 and is made up of five Class 1 cities, Jacksonville (29,916), Little Rock (183,133), Maumelle (10,557), North Little Rock (60,433), Sherwood (21,511) and the Pulaski County unincorporated area (55,924).

The main goal of the District is to provide ways to increase knowledge of and participation in both local recycling services and other services not available through individual local governments, including household chemical collections, electronics recycling, county-wide marketing, promotion and education. These services will be coordinated throughout the District office and implemented as soon as possible with the member jurisdictions.

The recycling programs covered under this administration grant collect aluminum, steel, glass, plastic, paper, electronics and household chemicals. These materials are collected from mobile recycling drop-off centers, manned Saturday drop-off centers, permanent electronics collection centers and permanent household chemical collection facilities open on Saturday and weekday schedules.

The District places a strong emphasis on education. The District's website offers a recycling hotline number and recycling information and education. Greta Green's Friends, lead educational presentations in the classroom, meetings and daycare centers and at recycling centers. Each presentation features, displays, songs and integrated education on recycling, reuse and reduction.

The District is a regular participant in and sponsors special events throughout the County.

The district is especially involved with its membership with the Arkansas Recycling Coalition and Keep Arkansas Beautiful.

The District teams with ADEQ to sponsor teacher workshops. The District strives to make recycling news and information readily available so that it becomes an integrated part of the teaching curriculum.

The District targets the whole citizenry in providing education and information. The website provides detailed information and the Annual Report provides a detailed picture of solid waste management practices in Pulaski County.

The District is a partner with ADEQ, the Cooperative Extension Service, Arkansas Recycling Coalition, Keep Arkansas Beautiful, local media and other Solid Waste and Planning Districts. These partnerships are crucial in providing accurate and balanced information to the public.

The municipal solid waste stream in Pulaski County is nearly 200,000 tons. The recycling programs covered under this administration grant collect aluminum, steel, glass, plastic, paper and household chemicals.

The Jacksonville Recycling Center is open Monday through Friday, the Sherwood drop off center is open seven days a week. The drop off in Maumelle is open Wednesday through Saturday, the county mobile centers are on a Monday through Friday schedule, the Fairpark, St. Margarets and McCain manned drop off centers will be open every Saturday from 7 to 12 noon. The five permanent household chemical collection and electronics centers are open the 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup> and 4<sup>th</sup> Saturdays and Monday, Tuesday, Wednesday and Thursday each week. A new household center in Maumelle will be open one day a week and one Saturday a month, to be open by end of 2008. The Saturday hours are from 7 to 12 noon and to make the weekdays more convenient the hours are from 7-9:30 am and 3:30-5:30 pm. The household chemical collection sites and the Saturday morning recycling drop-off centers are manned collection sites.

The district manages and operates six permanent electronic collection centers located in Jacksonville, Sherwood, Maumelle, NLR, Little Rock and at Pulaski County Sanitation. The centers are open at the same times as the household chemical collection centers.

All grants are subject to the requirements of A.C.A 8-6-601 et. Seq. and Arkansas Pollution Control and Ecology Commission Regulation 11, Chapter Five: Solid Waste Management and Recycling Grants Program: Highlights include:

Grant Recipients agree to:

- Conform to all state laws on the purchase, use or sale of equipment and facilities secured with grant funds.
- Have design plans for construction of permanent facilities with an estimated cost of \$50,000 or greater approved by a professional engineer unless otherwise approved by ADEQ.
- Seek competitive bids or requests for proposals (RFP) for purchase of equipment or services with an estimated cost of \$15,000 or greater. This should be done through an advertisement in an area newspaper of general circulation.
- Start grant project before application deadline for the next grant round. Delays must be approved in writing by both the RSWMD and ADEQ.
- Develop the recycling program presented in the application and expend all grant funds within three years. Extensions must be approved in writing by both the RSWMD and ADEQ.
- Actively seek to market or reuse materials collected in three years.
- Use any interest earned on grant funds exclusively for this or other recycling programs.
- Maintain an orderly accounting system to document that grant expenditures are made in accordance with project budget. This includes keeping copies of all bids, paid invoices, canceled checks, and other appropriate paperwork.
- Report annually to the RSWMD as directed by ADEQ & the board.

RSWMD Boards agree to:

- Establish or designate at least one adequate recyclable materials collection center in each county.
- Ensure that all applicable federal, state and local permits and licenses have been obtained; the project has begun; and adequate revenues sources for continuation of the program are in place before disbursing grant funds.
- Ensure that recipients conform to all state laws that are applicable to the purchase, use or sale of equipment and facilities secured with state funding.
- Ensure that facilities or equipment purchased with grant funds be used exclusively for the general purposes specified in the grant application.  
**Note: facilities and equipment purchased with grant funds may not be sold, traded or transferred without the Department's written consent.**
- Require grant recipients to maintain an orderly accounting system to document that expenditures are made in accordance with project budget. This includes keeping copies of bids, paid invoices, canceled checks and other appropriate paperwork.
- Review any change order forms submitted. If approved, submit to ADEQ for final approval.
- Review requests for delay of start of grant projects. If approved submit to ADEQ for final approval.
- In the following categories, compile and submit annual progress reports to ADEQ by **August 1** of each year for a period of five years (or until all funds are expended, whichever is longer) following grant approval, *even if all grant funds have been expended*: Composting Equipment, Transfer Station with Recycling, Material Recovery Facilities, Recycling Equipment and Recycling Programs.
- In the following categories, compile and submit annual progress reports to ADEQ by **August 1** of each year for a period of five years following grant approval, or *until the expenditure of grant funds is complete*: Administration, Education, and Solid Waste Planning.
- Notify ADEQ in the event a recipient has not met conditions of the approved grant application.
- **Ensure that the project is compatible with the approved RSWMD plan on file with ADEQ or submit documentation demonstrating why a deviation is necessary.**
