RE: NPDES Permit No. AR0000752, AFIN 70-00040  
Closure of CAO LIS Numbers: 94-159, 98-119, 98-119-002, 02-059, and 06-153

Dear Mr. Withrow:

In reviewing our files, ADEQ has determined the requirements of the referenced Consent Administrative Order (CAO) have been met. Therefore, CAO LIS Numbers: 94-159, 98-119, 98-119-002, 02-059, and 06-153 are hereby closed.

ADEQ expects that the actions El Dorado Chemical Company took to comply with the Arkansas Water and Air Pollution Control Act will be maintained to preclude future violations. Closure of this order by the Department does not preclude any future enforcement action deemed necessary. If future violations occur that require enforcement action, the Department will consider the history of your facility, including this order, as required by Arkansas Pollution Control and Ecology Commission Regulation No. 7, Civil Penalties. This regulation requires the Department to consider the past history of your company and how expeditiously violations were addressed in determining any civil penalty that may be necessary for any future violations.

Please refer to NPDES Permit No AR0000752 in any written correspondence to this Department.

Thank you for your attention to this matter. Should you have any questions, feel free to contact me at 501-682-0667 or via e-mail at [bolenbaughm@adeq.state.ar.us](mailto:bolenbaughm@adeq.state.ar.us).
