RE: NPDES Permit No. AR0000752, AFIN 70-00040  
Closure of CAO LIS 08-067

Dear Mr. Withrow:

The Department is aware that El Dorado Chemical Company is not in compliance with Permit Limits and CAO LIS 08-067. However, the Department is also aware that El Dorado Chemical Company is under Administrative Orders CWA-06-2010-1753 and CWA-06-2011-1746 with the EPA. Since your facility is working with the EPA to correct the violations, the Department has decided to close CAO LIS 08-067.

Please refer to NPDES Permit No AR0000752 in any written correspondence to this Department.

Thank you for your attention to this matter. Should you have any questions, feel free to contact me at 501-682-0667 or via e-mail at [bolenbaughm@adeq.state.ar.us](mailto:bolenbaughm@adeq.state.ar.us).

Sincerely,
