NetDMR Subscriber Agreement Instructions Page
This form can be used for permits issued by: Arkansas DEQ, hereafter referred to as "the Regulatory Authority".

Purpose

The NetDMR Subscriber Agreement should be used by Clean Water Act National Pollutant Discharge Elimination System (NPDES) permit holders that would like to apply to submit Discharge Monitoring Reports (DMRs) and other NPDES permit-required reports electronically, or change/update your reporting status information from a previously-submitted application. Submission of DMRs electronically is an alternative to using paper forms to fulfill the reporting requirements of the CWA NPDES program pursuant to 40 CFR 122.41(l)(4).

Basic Information on Who Should Fill Out the Subscriber Agreement

- To request use of electronic reporting for DMR information, the Responsible Official, the person who has the authority to sign permit applications, reports, and other permit-required submittals (e.g., DMRs) as described in 40 CFR §122.22 (a), can designate themselves or identify a duly authorized representative to electronically sign the DMRs for the facility.
- If the Responsible Official plans to electronically sign DMRs submitted through NetDMR, then the Responsible Official will also sign as the Signatory Authority named in Section F of the Subscriber Agreement.
- If the Responsible Official plans to authorize someone else to sign and submit the electronic DMRs as described in 40 CFR §122.22(b), the Responsible Official will sign Section E and the duly authorized representative will sign as the Signatory Authority identified in Section F.
- If a Signatory Authority has more than one NPDES permit for which they are responsible, and the Regulatory Authority allows multiple permits on a single Subscriber Agreement, then this document allows the Signatory Authority to list multiple permits on a single Subscriber Agreement as long as the Subscriber is the same person for all the multiple permits listed.
- If the authority to electronically sign for a permit is to be delegated to multiple Signatory Authorities, then each individual Signatory Authority needs to submit and sign a separate Subscriber Agreement.
- This Subscriber Agreement cannot be used to register multiple permits that are issued by different regulatory authorities.

- **ACCEPTANCE & EFFECT:** Acceptance of this agreement by the Regulatory Authority shall be evidenced by notice from the Regulatory Authority, provided electronically, that this agreement has been approved.
