RE: NPDES Permit Number AR0020010, AFIN 72-00781
Sanitary Sewer Overflow (SSO) Corrective Action Plan (CAP) Closeout

Dear Mr. Rogers,

The Department has received the letter dated June 27, 2016, stating that all requirements of the CAP have been completed. At this time ADEQ considers the CAP complete.

Completion of this Corrective Action Plan does not preclude any future enforcement action that may be deemed necessary and your facility is expected to remain in compliance with the requirements of your permit.

Thank you for your attention to this matter. Should you have any questions, feel free to contact me at 501-682-0664 or via e-mail at pemberton@adeq.state.ar.us.

Sincerely,

Layne Pemberton
