Dear Mayor Womack:

A review of the NPDES file for the City of Melbourne revealed that the following Discharge Monitoring Reports (DMRs) have been deemed deficient or have not been received by the Department:

- 02/28/11, Discharge 001A. The DMR did not include measurement for Flow. A copy of the DMR that was submitted on March 18, 2011 has been included. Please include a sample measurement for Flow, sign and date.
- 04/30/11, Discharge 001A. (Not received). Please complete, sign, and date DMR.
- 07/31/11, Discharge 001A. (Not received). Please complete, sign, and date DMR.
- 10/31/11, Discharge 001A. (Not received). Please complete, sign, and date DMR.

For your convenience, the DMRs that were not received at the Department have been reproduced and included with this letter.

Please submit the delinquent/deficient DMRs and any applicable non-compliance reports to the Department by January 31, 2012. The DMRs must include an original signature and date by the Principal Executive Officer or Authorized Agent. Photocopied signatures cannot be accepted. Please use blue ink.

Any violation of your NPDES Permit is subject to enforcement action by this Department, pursuant to the Arkansas Water and Air Pollution Control Act. The regulations and your NPDES Permit require that you take all reasonable measures necessary to eliminate or prevent the occurrence of violations.

Should you have any questions concerning the above referenced compliance issues, please feel free to contact me at 501-682-0635, or you may e-mail me at anderson@adeq.state.ar.us.
