March 19, 2012

Allen Anderson  
5301 North Shore Dr.  
North Little Rock, AR 72118

Dear Mr. Anderson:

This letter is a follow-up to the conversation that I had with you on March 19, 2012.

The City of Melbourne had a manhole run over on March 19, 2012. Approximately 2,000 gallons of water ran out onto the grass on Oak Street. This was due to possible roots in the manhole. We used the sewer machine to correct the problem on March 19, 2012.

It appears that no environmental damage occurred.

Sincerely,

Coy Dale  
Melbourne Water & Sewer Superintendent
