Subject: AR0020087 Forrest City SSO Complaint
Date: Wednesday, April 11, 2018 1:02:00 PM
Importance: High

Mayor Bryant and Mr. Murdock,

As per my conversation with Mr. Murdock moments ago, here is the text of the allegation:

*"314 Trenton Rd
Forrest City, AR 72335*

Called today with a complaint that his neighbor (312 he thinks) has a pump on their private sewer line to pump that residence's sewage to the city's collection system. The pump has been unplugged and sewage is flowing onto the ground in the back yard and into the roadside ditch along Hwy 1B. The city has been to the residence before and it is still a problem."

Please look into the matter let me know if the property owner or the City is responsible. If it is the City please report the SSO via our online form and let me know what steps are taken to correct and remediate the SSO.

Thanks again for your cooperation.

Layne

Please see the email chain below and reach out to Forest City about this see if the city is responsible for this type of add-on to a private service line? If they are, they need to remediate and report. If they are not responsible. Please reply back to those cc on this email.

Miles or Richard,

Could you please have the EA contact the City of Forrest City to see if the city is responsible for this type of add-on to a private service line? If they are, they need to remediate and report. If they are not responsible, I will forward this to ADH. I may forward to ADH anyway. Thank you.
