**Subject:** Mt View CAO Quarterly Update

Danielle,

Please accept this email as the quarterly update for the Mt. View CAO.

Collection System - The worst 2 basins, based on I/I from the flow study, have had the manhole inspections completed. Smoke testing of these same basins will begin this summer.

WWTP - The WWTP plans and specs are being developed. A 60% review meeting with the Owner is expected to be scheduled in early April.

Please let me know if I can answer any questions or provide additional information.

Sincerely,

C. Kyle Breckenridge, P.E., BCEE  
CWB Engineers
