RE: NPDES Permit Number AR0020117 AFIN 69-00011

Dear Ms. Porter;

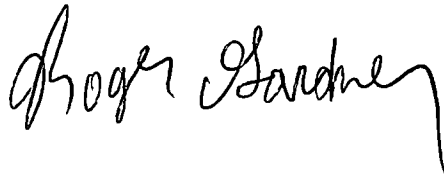

This is in reference to the letter dated September 28, 2015 Corrective Action Plan. This is our progress report due March 4, 2016. The Notice to Proceed was issued to TECO, INC. and per the Engineer all materials are stored on site. Work is continuing on the digester with progress, we are about sixty percent complete at this point and we are looking at April 8, 2016 as a final completion date.

The Sanitary Sewer Overflows we are still working on the rehab of all manholes in the collection system. There are about 85 manholes left to complete as weather and manpower will permit. We will continue to address customer's service lines. Our goal is to get everything back into compliance as soon as possible.

If you have any question, please give us a call.

Sincerely,

Roger Gardner, Mayor City of Mountain View
