RE: NPDES Permit Number AR0020117 AFIN 69-00011

Dear Ms. Porter;

This is in reference to the letter dated September 28, 2015 Corrective Action Plan. This is our progress report due January 5, 2016. As of this date the Notice to Proceed has been issued to TECO, INC. and per the Engineer work was started on the digester and to date is about twenty five percent complete.

The Sanitary Sewer Overflows we are still working on the rehab of all manholes in the collection system. There are about 618 total manholes and 508 have been repaired with 131 of those being done last year and about 85 left to complete as weather and manpower will permit. We will also continue to address customer's service lines. Our goal is to get everything back into compliance as soon as possible.

If you have any question, please give us a call.

Sincerely,

Roger Gardner, Mayor of City of Mountain View
