**Flag Status:** Flagged

This email is intended to serve as the progress report for the City of Mountain View, AR (NPDES Permit # AR0020117/ AFIN 69-00011).

The CAO LIS NO 18-091 was executed on November 21, 2018. CWB Engineers submitted the Corrective Action Plan for the WWTP and the Corrective Action Plan for the Collection System on Friday, February 8, 2019.

### WWTP CAP Summary

- CWB will assist the Owner with maximizing WWTP operations as detailed in the CAP beginning immediately.
- CWB Engineers will begin drafting a Preliminary Engineering Report for the WWTP Improvements as detailed in the CAP.

### Collection System CAP Summary

- CWB has installed 6 flow meters for the Collection System Flow Study
- Refer to the CAP for the expected schedule and additional actions

Please let me know if you have any questions regarding the update or if you require any additional information. This update completes all requirements of the CAO transmittal letter from ADEQ to the City of Mountain View dated November 21, 2018.

Sincerely,

**C. Kyle Breckenridge, P.E.**

CWB Engineers
