Alan,

Good Morning Sir!

Thank you for information regarding our blower problems. Everything is running well here. Again thank you. I appreciate our working relationship.

Sincerely,

Thomas A. Myers

**Subject:** May and June 2016 violations

Tom:

When we spoke on July 25, 2016 concerning the effluent violations caused by the centrifugal blowers being off line, the June violations for Ammonia and BOD were not reflected on the our Quarterly Non-Compliance Report issued to the EPA. The violations are now showing. Since the blowers were back on line by June 15, 2016, no action is required. The purpose of this email is to resolve the violations in the database.

Thanks

Alan Anderson
