Dear Mr. Meyers:

The Department has reviewed the response pertaining to the December 19, 2011 pretreatment inspection of the City of Siloam Spring's wastewater treatment facility by District Field Inspector Alison West. The information provided sufficiently addresses the violations referenced in the inspection report. At this time the Department has no further comment concerning this particular inspection.

The Department will keep the inspection and response on file. If future violations occur that require enforcement action, the Department will consider the inspection and response as required by the Pollution Control and Ecology Commission Regulation No. 7, Civil Penalties. This regulation requires the Department to consider the past history of your facility and how expeditiously the violations were addressed in determining any civil penalty that may be necessary for any future violations.
