CAO LIS 10-218 Closure – Annual Reports**

Dear Mr. Wilkins:

The Department granted closure of CAO LIS 10-218 on November 5, 2018. North Little Rock Wastewater Utility has demonstrated a significant reduction in Sanitary Sewer Overflows since the execution of CAO LIS 10-218 and has established continuous improvement and maintenance of its collection system. However, due to the ongoing collection system improvements, the Department requests North Little Rock Wastewater Utility continue to submit annual reports until February 1, 2021.

Should you have any questions feel free to contact me at 501-682-0639 or bailey.taylor@adeq.state.ar.us.

Sincerely,
