**RE: NPDES Permit No.: AR0020303; AR0020320; and AR0038288  
Response to CAO LIS 10-218 Termination Request**

Dear Mr. Wilkins:

The Department received the eighth annual report for CAO LIS 10-218 dated February 6, 2018. The Report contained a request for termination of CAO LIS 10-218 based on the reduction of Sanitary Sewer Overflows (SSOs). While the City of North Little Rock has significantly reduced the number of SSOs, the Department requests the following additional information in order to complete our review:

- An update to the 2011 Master Plan to reflect all completed projects.
- A milestone schedule of projects identified in the 2011 Master Plan to be completed.
- If any projects in the 2011 Master Plan have been deemed unnecessary, please specify those projects and why they are no longer needed.

Please submit the requested information by **June 29, 2018.** Thank you for your attention to this matter. Should you have any questions feel free to contact me at 501-682-0639 or [bailey.taylor@adeq.state.ar.us](mailto:bailey.taylor@adeq.state.ar.us).

Sincerely,

A handwritten signature in blue ink that reads "Bailey Taylor".

Bailey Taylor  
Enforcement Analyst  
Office of Water Quality
