RE: NPDES Permit Number AR0020702, AFIN 32-00044  
City of Batesville Wastewater Treatment Facility

Dear Mr. Johnson,

A review recent Discharge Monitoring Report (DMR) submissions for the above mentioned facility reveals the following compliance issues:

The facility has reported a violation of Part I, Section A. of NPDES Permit No. AR0020702 for the month of August 2012. The Department expects the City of Batesville to work toward preventing violations of the Part I, Section A., Effluent Limitations and Monitoring Requirements of the Permit. The Department recommends that the City of Batesville consult with a professional engineer for the purpose of developing a corrective action plan designed to eliminate violations of the effluent limitations of the Permit.

Any violation of your NPDES Permit is subject to enforcement action by this Department, pursuant to the Arkansas Water and Air Pollution Control Act. The regulations and your NPDES Permit require that you take all reasonable measures necessary to eliminate or prevent the occurrence of violations.

Should you have any questions concerning the above referenced compliance issues, please feel free to contact me at 501-682-0631, or you may e-mail me at [johnsonm@adeq.state.ar.us](mailto:johnsonm@adeq.state.ar.us).

Sincerely,
