RE: NPDES Permit Number AR0021717, AFIN 45-00021
Corrective Action Plan (CAP) Closure

Mayor Marberry,

The Department has received and reviewed the report submitted by Civil Engineering Associates, LLC, dated December 6, 2017, requesting the closure of City of Flippin's current CAP. Upon review, the Department has determined that the objective of the CAP has been achieved. Therefore the CAP may be considered closed and no further reports regarding this matter will be required.

Be aware that closure of the CAP does not preclude any future enforcement action that may be deemed necessary, and your facility is expected to remain in compliance with the requirements of your permit, including prevention of Sanitary Sewer Overflows.

Thank you for your attention to this matter. Should you have any questions, feel free to contact me at 501-682-0664 or via e-mail at pemberton@adeq.state.ar.us.

Sincerely,

A handwritten signature in black ink that reads "Layne Pemberton". The signature is written in a cursive style.
