RE: NPDES Permit Number AR0021717, AFIN 45-00021  
Corrective Action Plan (CAP) No Comment

The Department has received your Revised Proposed Corrective Action Plan (CAP) dated May 15, 2017, and additional information dated May 25, 2017. At this time ADEQ has no further comment regarding the plan, if it is determined that further information is required, the Department will contact you. Any change in the proposed schedule must be reported to ADEQ for preapproval. The Department requires a monthly progress report to be submitted to ADEQ by the 15th of the following month until completion of the CAP. Upon completion of the CAP, a final report, certified by a Professional Engineer, shall be submitted to the Department.

Failure to fully execute the CAP as submitted or failure to come into compliance with the terms of your permit by December 31, 2017 may result in ADEQ pursuing formal enforcement action. Such action will include but may not be limited to the assessment of a voluntary civil penalty.

Thank you for your attention to this matter. Should you have any questions, feel free to contact me at 501-682-0664 or via e-mail at [pemberton@adeq.state.ar.us](mailto:pemberton@adeq.state.ar.us).

Sincerely,
