Re: Permit #AR0021717 City of Flippin

Dear Layne,

We are submitting the following for our progress report for July 15th to August 15th, 2017. The sewer line camera work and cleaning is pending waiting on Charlie Crittenden from ANRC to finalize the paperwork. We will then bring it before City Council. Smoke testing will be continued during the camera work when finalized.

We are in the final steps of procuring our Engineer and are working with CEA Engineers, Jeremy Stone to start plans on upgrades to the plant and collection system rehab after tests are finalized on needed repairs.

We have had no violations since our last progress report and our in house efforts have been working at this time to stay in compliance.

If you need further information on anything please don't hesitate to call. We appreciate your assistance.

Sincerely,

A handwritten signature in black ink, appearing to read "J. L. Wagoner", with a long horizontal flourish extending to the right.

J. L. Wagoner
