Re: Permit #AR00021 City of Flippin

Dear Layne,

We are submitting the following for our progress report for September 15th to October 15th, 2017. CEA Engineers has submitted to the city a Preliminary Engineering Report. We have went over it together and have made some changes and will be sending it to WWAC.

At this time we have not heard from ANRC on paper work for the loan for TV and camera work to the sewer system.

The system and plant has not had any problems due to drought conditions for the month.

If we can help with further information on anything please let me know.

Sincerely,

A handwritten signature in black ink, appearing to read "J.L. Wagoner", with a long horizontal flourish extending to the right.

J.L. Wagoner
