C. Terms and Conditions

- PURPOSE: This agreement creates a legally binding obligation for the signer of the Agreement (the Responsible Official and/or Signatory Authority) to abide by the terms and conditions for use of the NetDMR System, and memorializes a mutual understanding that the signer of this agreement is as legally bound, obligated, and responsible by use of the assigned electronic signature as by a hand-written signature.
- ACCEPTANCE & EFFECT: Acceptance of this agreement by the Regulatory Authority shall be evidenced by notice from the Regulatory Authority, provided electronically, that this agreement has been approved.
- SUBMITTAL & RECEIPT: A Document shall be deemed to have been submitted when it is accessible to the Regulatory Authority. A document shall be deemed to have been received

when it can be fully processed. No document shall satisfy any reporting requirement until it is received.

- VERIFICATION: In accordance with the associated certification statement, the signer of the Agreement is responsible for the truth and accuracy of the content of each submission. The signer of the Agreement also has an affirmative obligation to check the accuracy of the document as received by the Regulatory Authority and to notify the Regulatory Authority promptly if the document was sent without authorization or differs in substance in any way from the document that was submitted.
- INABILITY TO TRANSMIT OR FILE REPORTS ELECTRONICALLY: No party shall be liable for any failure to perform its obligations in connection with any Electronic Transaction or any Electronic Document, where such failure results from any act or cause beyond such party's control which prevents such party from electronically transmitting or receiving any Documents, except that the signer of the Agreement (Responsible Official and/or Signatory Authority) is nonetheless required to submit records or information required by law via other means, as provided by applicable law and within the time period provided by such law.
- SEVERABILITY: Any provision of the Agreement which is determined to be invalid or unenforceable will be ineffective to the extent of such determination without invalidating the remaining provisions of this Agreement or affecting the validity or enforceability of such remaining provisions.
- TERMINATION AND RENEWAL: The Agreement may be terminated at any time by the Regulatory Authority. Upon termination of this agreement, the associated ability to submit electronic information through the NetDMR system will be terminated. The Regulatory Authority will provide notification of termination, including the date on which termination takes effect. A new Responsible Official and/or Signatory Authority must resubmit this form at the time that a new permit application is submitted or when Responsible Official and/or Signatory Authority responsibility transfers from one person to another.
