**Subject:** NCR Request  
**Attachments:** NCR Form.pdf

Good afternoon,

DEQ has reviewed the Discharge Monitoring Report (DMR) 001-B for the monitoring period ending 5/31/2023, as submitted by the City of Nashville (AR0021776, AFIN 31-00036), and violations were reported on the DMR. Per the requirements of the permit, anytime violations are reported, a Non-Compliance Report (NCR) must be submitted. I have attached a copy of an NCR. Please fill this out for the violations reported on the DMR and send back to me. You are welcome to email it to me, but in the future it will need to be attached to the DMR via NetDMR. Please send this back to me by 7/5/2023. If you have any questions, please don't hesitate to contact me.

Thank you,

## KRISTEN GRAHAM
