Subject: RE: Overdue CAO Item

Since you can't provide photos, I will use this email and the written responses to cover that part. Please send the sludge receipts at your earliest convenience. Thank you.

Kristen,

I have looked back through my phone and the only pictures I have are of Pond 1 being cleaned out. Obviously, I can't go back and produce more pictures. I'll be more than happy to send those pictures to you. As for the sludge disposal records, I can send you invoices where we paid to pump the sludge to our old EQ basin. The sludge was NOT taken off site. Pond 2 is no longer a part of our treatment process.

We are in the process of engineering a different aeration configuration for Pond 1 at this time. From mid 2022 to present Pond 2 has been out of the treatment loop.

Let me know if you want those pictures.

Thanks,
Larry

Larry Dunaway
Mayor
City of Nashville, AR

Subject: Overdue CAO Item

Good afternoon,

I'm once more reaching out about the overdue documentation that was due on 11/21/2023. I spoke to Mayor Dunaway previously, and he provided me with the written portion of what I needed, but the CAO also called for a couple of other items:

- Photos documenting good housekeeping and upkeep of Pond 2
- Disposal records for the removed sludge

These items were a requirement of CAO LIS 23-080 for the City of Nashville (AR0021776).

Please submit these documents to me at this email address by **2/8/2024**.

Thank you,

KRISTEN GRAHAM
