Re: AR 000021776 AFIN 31-00036  
Consent Administrative Order

Dear Ms. Porter:

The amended C.A.O. had an April 30<sup>th</sup> date for discharge of the effluent. During the manufacturer's startup of the U.V. equipment, the manufacturer found an issue with their equipment. This unit was the last piece of equipment to be brought online for treatment. We have resolved the issue with the manufacturer. This issue has delayed startup for eight (8) working days while the adjustments to the unit are completed. The City lost two (2) days due to weather this week. The City is requesting ten (10) working days from the April 30<sup>th</sup> date to allow for the startup and any adjustments to the unit. Thank you for your time in this matter. If you have any questions, please let me know.

Sincerely,

  
Larry Dunaway, PWD
