Subject: Periodic Review and Effluent Violations

June 17, 2019

Honorable Tim McKinney, Mayor
City of Berryville
P.O. Box 227
Berryville, AR 72616

RE: Berryville WWTF, NPDES Permit Number: AR0021792, AFIN: 08-00034
Whole Effluent Testing (WET) Violations

Dear Mayor McKinney:

A review of the NPDES file for the above referenced facility for the period of August 1, 2018 through June 17, 2019 reveals the following compliance issues:

There have been two (2) reported WET violations of Part I, Section A. of the Permit during this review period:

DMR End Date	Discharge Number	Parameter Description	Reported DMR Value	Permit Limit	Vio %	Violation Type	Parameter-Mon. Location-Season
12/31/2018	TX1-S	Whole effluent toxicity (DLYAVMIN, %)	82	100	18%	Numeric Vio	22414-1-0
12/31/2018	TX1-S	Whole effluent toxicity (7 DA MIN, %)	82	100	18%	Numeric Vio	22414-1-0

A Toxicity Reduction Evaluation Action Plan (TRE) is currently being conducted in coordination with the ADEQ's Office of Water Quality. The TRE is considered sufficient to address the aforementioned violations at this point.

While no additional enforcement action is currently being considered, ADEQ reserves the right to reconsider these violations should further violations occur. As a reminder, any violation of your NPDES Permit is subject to enforcement action by this Department, pursuant to the Arkansas Water and Air Pollution Control Act. The regulations and your NPDES Permit require that you continue to take all reasonable measures necessary to eliminate or prevent the occurrence of violations.

Your attention to this matter is most appreciated. Should you have questions or desire assistance please contact me directly.

Sincerely,

Myrl V Lawrence Jr
