Dear Mr. Ramon,

Recently Little Rock Wastewater Utility reported several Sanitary Sewer Overflows (SSOs) to the Department. The Department is aware that Little Rock Wastewater is currently under a Consent Administrative Order to address the SSOs. However, the Department would like additional information about the specific overflows that were just recently reported.

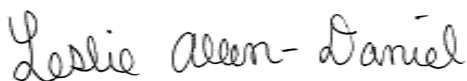

Please send a letter to the Department detailing:

- a. How does Little Rock Wastewater specifically plan on addressing the manholes that recently overflowed? Please list the corrective actions that will be taken.
- b. When does Little Rock Wastewater feel that the manholes that recently overflowed will be addressed? Please include an estimated date these will be addressed.

Also, please include what measures have been put in place to ensure all overflows are promptly and accurately reported. Please send a letter to the Department by May 20, 2015.

Should you have any questions, please feel free to contact me at 501-682-0630, or you may e-mail me at allen-daniel@adeq.state.ar.us.

Sincerely,

Leslie Allen-Daniel
