

**EXTENSION OF CONSENT ADMINISTRATIVE ORDER**

AFIN: 22-00379      NPDES Permit No. AR0021831

WWTP- EAST

Monticello AR 71655

July 29, 2019

On behalf of the city of Monticello and pursuant to Consent Administrative order (CAO) LIS Number 18-066 Paragraphs 10 and 11 of Order and Agreement, McClelland Consulting Engineers, Inc. (MCE) respectfully requests for an extension of the said Order. The extension of CAO LIS 18-066 is necessary to enable the city of Monticello (City) satisfy the remaining aspects of the said Order.

This unanticipated request is due to the following:

1. The City recently changed its Mayor and the new Mayor assumed duty in January 2019.
2. The new Mayor has been assessing the needs of the City since assumption of duty.
3. As a part of that assessment and in good faith to comply with all the terms of the said CAO, the City has now requested MCE to assist the City to resolve the issues.

Based on the above premises, the City would appreciate it if Arkansas Department of Environmental Quality (ADEQ) would extend the final compliance date to December 31, 2020.

Paige Chase  
Mayor, City of Monticello

McClelland Consulting Engineers, Inc.
