Mayor Chase,

A review of the Permit file for the above mentioned facility for the period of January 1, 2022 through March 31, 2022 revealed that the facility has reported NODI E Code, to denote analysis not conducted. The use of the NODI E code is a violation of the Permit. Any violation of your Permit is subject to further enforcement action by this Division, pursuant to the Arkansas Water and Air Pollution Control Act. The regulations and your Permit require that you take all reasonable measures necessary to eliminate or prevent the occurrence of violations.

There is no action to be taken by you at this time. This is simply a reminder that the use of the NODI E code is a violation of your Permit.

If you have questions, feel free to contact me.

Thanks,

Jill Gray | Enforcement Analyst
