The Honorable Robert Berry
Mayor of City of Eureka Springs
44 South Main Street
Eureka Springs, AR 72632

**RE: Permit Number AR0021865, AFIN 08-00036
Proposed Corrective Action Plan (CAP)**

Dear Mayor Berry:

A review of your compliance history has revealed that over the last three years your facility has reported 26 effluent violations (See attached report) through May 8, 2015 and 18 Sanitary Sewer Overflows (SSO), one of which was over 1000 gallons. (See attached report)

The Department requires the development of a Corrective Action Plan (CAP). The CAP should address each of the issues listed above, contain a plan for achieving compliance, a description of the actions to be taken, include a timeline with benchmark dates, and a date your facility will achieve final compliance. The complete CAP shall be submitted to the Department, at the address below, by June 13, 2015.

Failure to achieve compliance by December 15, 2015 with the effluent limitations set forth in your permit is in violation of Part I, Section A of your permit and may result in enforcement action. Such action will include but may not be limited to the assessment of a voluntary civil penalty.

Thank you for your attention to this matter. Should you have any questions, feel free to call 501-682-0664 or e-mail pemberton@adeq.state.ar.us.

Sincerely,

Layne Pemberton
Enforcement Analyst
Water Division Enforcement Branch
