Importance: High

Good morning,

DEQ has performed a review of the Discharge Monitoring Reports submitted for the City of Huntsville (AR0022004) and discovered that violations were reported for the following monitoring periods but a Non-Compliance Report (NCR) was not submitted:

- June 2023
- January 2023
- March 2022
- February 2022

Per the requirements of the permit, when a violation is reported, a NCR must be submitted as well. The NCR should be attached to the corresponding DMR via NetDMR. I have attached a copy of a blank NCR above. Please submit an NCR for each of the monitoring periods listed above by **Friday, December 1, 2023**. You are welcome to email these to me. For any future violations, the NCR will need to be attached to the DMR via NetDMR. If you have any questions, please don't hesitate to contact me.

Thank you for your attention to this matter.
