Re: Letter on Local Limits

Ms. Rathe,

Recently we received a letter addressing the submission of local Limits. This letter stated that the submission letter was past due. Even though I addressed this situation in an email, I would like to request a formal letter showing that the Letter of Certification was received. The email that I sent was addressed to Adam Yates, was sent on November 27, 2018 at 10:28 am. I am enclosing a screen shot from my email to show this information. Even though you addressed this in an email to me, I would like to receive a letter for our records, stating that the information was received.

Sincerely,

Denise Bosnick
Director Environmental Quality
