Sanitary Sewer Overflow Corrective Action Plan

Dear Mayor McCaslin:

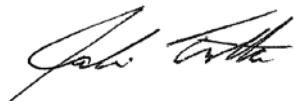

The Department received the Corrective Action Plan with a timeline that was submitted in response to the sanitary sewer overflows referenced in the May 15, 2013 notification letter. The response and timeline was deemed adequate with the following stipulations:

1. Quarterly progress reports must be submitted to ADEQ on the 5th calendar day of every three months until the project is completed. The first report is due by **April 5, 2014**, second **July 5, 2014**, third **October 5, 2014**, and fourth **January 5, 2015**. These reports must be signed and certified by the cognizant official.
2. Project completion date is expected to be January 31, 2015. ADEQ must be notified **prior** to the due date of any delay in project milestones. Any updated schedule must be submitted to ADEQ.
3. A final compliance report must be submitted to the Department for approval within 30 calendar days of project completion.

Acceptance of this Corrective Action Plan by the Department does not preclude any future enforcement action that may be deemed necessary.

Thank you for your attention to this matter. Please refer to NPDES Permit Number AR0022403 and AFIN 04-00154 in any written correspondence to this Department. Should you have any questions, feel free to contact me at 501-682-0654 or e-mail to [trotta@adeq.state.ar.us](mailto:trotta@adeq.state.ar.us).

Sincerely,
