Mr. Spears,

The December 31, 2015 CAP deadline for final compliance has passed. At this time our records show that for September of 2015 there were no effluent violations. Since compliance had to be shown by 12/31/15, a PE stamped and signed document from Spears Eng. and signed by the mayor certifying the plant is functioning as permitted could close out this CAP.

Please remit ASAP.

Thank you,
