Mr. Gray,

CEA has been contacted by the City of Corning to look at the permit violations for the above-referenced permit number. Can you please email the appropriate DMR information for the time period covering October 31, 2014 – September 30, 2017?

Thank you for your cooperation in this matter. We would like to review this information before we attempt to prepare a CAP for the City.

If you have any questions or need to speak with me about this request, you can reach me on my cell phone at 870-273-4185.
