RE: NPDES Permit Number AR0033979, AFIN 11-00061
Corrective Action Plan

Dear Mayor Young:

The Department is in receipt of the Corrective Action Plan (CAP) dated March, 2018 submitted in response to our letter of December 5, 2017. The CAP has been reviewed by the Office of Water Quality's Engineering Branch and has been deemed to be inadequate to address the reoccurring violations.

The Department requests that the City submit a revised Corrective Action Plan that will sufficiently address the violations no later than April 13, 2018. Failure to submit the required revised Corrective Action Plan will result in formal enforcement proceedings being initiated.

Thank you for your attention to this matter. Should you have any questions, feel free to contact me at 501-682-0667 or you may e-mail me at gavin.gray@adeq.state.ar.us

Sincerely,

Gavin Gray
