RE: NPDES Permit AR0033979  
Corrective Action Plan (CAP)

Mayor Young:

The Department has received your Proposed Revised Corrective Action Plan (CAP) dated April 5, 2018. Any change in the proposed schedule must be reported to ADEQ for preapproval. The Department requires a bi-monthly progress report to be submitted to ADEQ by the 15th of the following month until completion of the CAP. Upon completion of the CAP, a final report from your Professional Engineer shall be submitted to ADEQ certifying that the facility is in compliance with the requirements of your permit. At this time ADEQ request the Corrective Action Plan be immediately implemented.

Failure to fully execute the CAP and come into compliance with the terms of your permit may result in ADEQ pursuing formal enforcement action. Such action will include but may not be limited to the assessment of a civil penalty.

Thank you for your attention to this matter. Should you have any questions, feel free to contact me at 501-682-0667 or via e-mail at [gavin.gray@adeq.state.ar.us](mailto:gavin.gray@adeq.state.ar.us).

Sincerely,
