RE: REVISED Corrective Action Plan
NPDES Permit # AR0033979, AFIN 11-00061
City of Corning, Arkansas

Dear Mr. Gray:

In response to your letter dated March 30, 2018, concerning the review of the originally submitted corrective action plan, enclosed is a copy of the REVISED CAP. This CAP has been revised to include additional steps, if needed, should the removal of the vegetation from the lagoons not solve the problem with the DO.

Please review the enclosed document and advise me of any additional information that might be necessary in order to approve the CAP.

Thank you for your cooperation in this matter. If you should have any questions or comments, do not hesitate to call me at (870) 972-5316, or on my cell phone at (870) 273-4185. Please send any written correspondence concerning this issue to our office in Jonesboro at the listed address.

Sincerely,

CIVIL ENGINEERING ASSOCIATES
