RE: NPDES Permit Number AR0033987, AFIN 21-00045,
Deficient Discharge Monitoring Report

Dear Mayor Berry:

The Discharge Monitoring Report (DMR) submitted for the **04/30/2011** Monitoring Period, Discharge Number **(001-A)** has been received by the Department. Upon review, I noticed that you reported N/A for the **Ammonia Nitrogen** parameters; this is **not an acceptable** value. Submittal of a corrected copy of this form will be required.

If analysis was not conducted for a parameter during a given monitoring period please write an "E" in the section for that parameter. If a parameter value was required by your permit but analysis was not conducted, please provide a **Non-Compliance Report** detailing why analysis was not conducted.

Please submit the corrected DMR, clearly marked as "Corrected Copy", with the changes highlighted. Submit two legible copies of the corrected DMR with an **original signature and date (Re-Sign and Re-Date)** by the Cognizant Official and at least one copy. These corrected copies should be received by the Department **no later than August 22, 2011**.

Thank you for your attention to this matter. Please refer to NPDES Permit Number **AR0033987** and AFIN **21-00045** in any written correspondence to this Department. Should you have any questions, call 501-682-0631 or e-mail carlsonm@adeq.state.ar.us.

Sincerely,

Michelle Carlson
