Deficient Discharge Monitoring Reports

Dear Mr. Fitzgerald:

The Discharge Monitoring Reports (DMRs) submitted for the February 2012, March 2012, and April 2012 Monitoring Periods, Discharge Numbers 001A have been received by the Department. Upon review, I noticed the parameter values for Dissolved Oxygen (INST MIN, mg/L) were not submitted. Submittal of the missing parameter values is required.

I have included a copy of each DMR in question clearly marked as "Corrected Copy" with the missing parameters highlighted. Submit two legible copies of the corrected DMRs with original signatures and dates on at least one copy. The corrected DMRs should be received by the Department by **July 5, 2012**.

Department records indicate new DMRs with the Dissolved Oxygen parameter were distributed to your facility on February 13, 2012. If you did not receive those DMRs please contact me immediately so they may be redistributed. Thank you for your attention to this matter. Should you have any questions feel free to contact me at 501-682-0632 or you may e-mail me at bolenbaugh@adeq.state.ar.us

Sincerely,
