Re: NPDES Permit No: AR0034002

City of Bryant Wastewater
1019 S.W. 2nd St.
Bryant, AR 72022

The City of Bryant Wastewater Treatment Facility conducted our first quarter toxicity test in March 2022. This requires a parallel test to, be conducted on the receiving water of the stream where our discharge enters. The results for this test did not meet the requirements thus this control test had been marked invalid for the dilution for the Pimephales promelas portion of the test. A retest using synthetic water was conducted and those results passed both portions of the test.

If you have any questions regarding this matter, please contact me at 501 943 0469.

Gregg Asher
City of Bryant
Wastewater Treatment Manager
