RE: NPDES permit number AR0034037, AFIN 45-00023

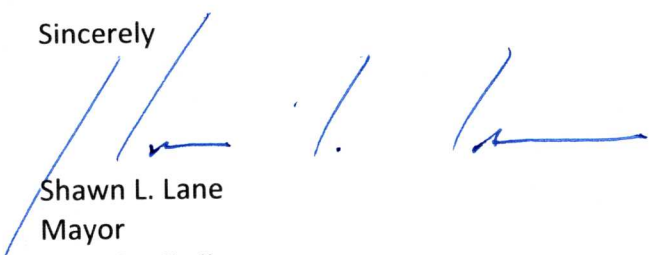

Dear Mrs. Harbin:

I am in receipt of your email with attachments of the proposed consent administrative order (COA) and the explanation of agreement. Please accept this letter as my intention to sign the agreement and return to your office within the 20 days from receipt.

I have been in contact with the City of Yellville engineering company ESI and we have reviewed the agreement and order. We all agree that the corrective action plan we have in place should get us to where we need to be and we will continue working diligently to complete the project on time in these most difficult and uncertain times. We will continue to work very hard to make all the corrections needed. The only issue that I have at this time with the 20 days to respond is that the order requires a resolution from the city council in order for the Mayor to sign the agreement. The next city council meeting is already scheduled for October 4, 2021. As long as there is a quorum at that meeting, we should have no troubles getting the resolution passed and back to you along with a check in the amount of \$1,700.00 in a few short days after that meeting.

This letter is to inform you of the City of Yellville's intentions to accept the COA as presented and get this matter taken care of in the next 20 days. Thank you for your time and attention to this matter and if you need any further, please feel free to contact me at any time.

Sincerely

Shawn L. Lane
Mayor
City of Yellville
