Mr. Healey,

As we discussed on the phone, Les Price is no longer with our firm so I will be assisting the City of Malvern with this matter moving forward. Please copy me on all correspondence from now on.

In addition, we would like to request a 30-day extension on your request for a Corrective Action Plan. We are working on several things related to the SSO problems and we would like additional time to respond appropriately.

Most importantly, we are applying for funding through the ARPA process, so if you have any influence in that program we would ask for your support!

Please let me know if you have any questions. We will be back in touch with you soon. Thanks.
