Re: NPDES Permit No.: AR0034126, AFIN: 30-00040, Response to Inspection

Dear Mr. Wheatley:

The Department has reviewed the response to the compliance inspection conducted on July 15th and 16th, 2011 by District Field Inspector Dennis Benson. The response, in addition to the verbal clarification concerning the auxiliary power that was provided to the Department on 09/08/2011, has been deemed sufficient. At this time the Department has no further comment concerning this particular inspection.

The Department will keep the inspection and response on file. If future violations occur that require enforcement action, the Department will consider the inspection and response as required by the Pollution Control and Ecology Commission Regulation No. 7, Civil Penalties. This regulation requires the Department to consider the past history of your facility and how expeditiously the violations were addressed in determining any civil penalty that may be necessary for any future violations.

If we need further information concerning this matter, we will contact you. Thank you for your attention to this matter. Should you have any questions, feel free to contact me at 501-682-0635 or you may e-mail me at anderson@adeq.state.ar.us.

Sincerely,

Alan Anderson
