Subject: NCR Request
Attachments: NCR Form.pdf

Good morning,

DEQ has reviewed the Discharge Monitoring Reports (DMRs) 001-A for the monitoring periods ending 10/31/22, 11/30/22, and 12/31/22, as submitted by the city of Pocahontas (AR0034835, AFIN 61-00055), and pH violations were reported on the DMR. Per the requirements of the permit, anytime violations are reported, a Non-Compliance Report (NCR) must be submitted. I have attached a copy of an NCR. Please fill this out for the violations reported on the DMR and send back to me. You are welcome to email it to me, but in the future it will need to be attached to the DMR via NetDMR. Please send this back to me by Monday, September 18th, 2023. If you have any questions, please don't hesitate to contact me.

Thank you,

Rachel Wilcox | Compliance Analyst
