I have attached a copy of your newest permit, which became active on 12/01/2022.

Jill Gray has moved on to a new role. I will be transitioning in to take her spot. If you need anything in the future, you can email or call me directly.

Thank you,

Kristen,

No Problem! I do have a couple follow-up questions I was hoping you could answer:

- Can you provide us with a final version of Mena's new NPDES Permit? We only have it in draft form and haven't been able to locate the final version on DEQ's website.
- Is Jill Gray still the Enforcement Analyst?

Thanks,

**Wes LeMonier, P.E.**

Ms. Graham,

Per your request below, we have completed the NCR for the violations reported on the Discharge Monitoring Report (DMR) 001-A for December 2022. Please let me know if you have any questions.

Thanks,

**Subject:** Missing NCR

Good morning,

DEQ has reviewed the Discharge Monitoring Report (DMR) 001-A for December 2022, submitted by the City of Mena (AR0036692) and violations were reported on the DMR. Per the requirements of the permit, anytime violations are reported, a Non-Compliance Report (NCR) must be submitted. I have attached a copy of an NCR. Please completely fill this out for the Peracetic Acid violations reported on the DMR and send it back to me. You are welcome to email it to me, but in the future it will need to be attached to the DMR via NetDMR. Please send this back to me by 01-13-2023. If you have any questions, please don't hesitate to contact me.

Thank you,
