**RE: NPDES Permit Number: AR0036692, AFIN: 57-00423
Corrective Action Plan Response**

Dear Mayor McKee,

The Department received and reviewed the revised Corrective Action Plan (CAP) dated November 17, 2018 for the above referenced facility. The response was deemed adequate with the following comments:

- Please be advised that, Pursuant to Regulation 6.202(A), "Any person who desires to construct, operate or **modify** any disposal system which will discharge to the waters of the State... shall submit an application for a permit for such activity." Therefore, before beginning any construction projects, including installation of the Dechlorination system, please send a written proposal and a request to the ADEQ's Water Division Permit Branch to ascertain whether or not a construction permit will be required.

Thank you for your attention to this matter. Should you have any questions, feel free to contact me at 501-682-0639 or by e-mail at bailey.taylor@adeq.state.ar.us.

Sincerely,

A handwritten signature in blue ink that reads "Bailey Taylor".

Bailey Taylor
Enforcement Coordinator
Office of Water Quality
