RE: NPDES Permit AR0043389, AFIN 54-00083  
Response to Inspection #064423

Dear Mr. McGinister:

The Department has received your response to the March 13, 2012 inspection of your facility by our District Field Inspector, Steven Henderson. The Department expects that the corrective actions taken will be maintained to ensure consistent compliance with the requirements of the permit. Acceptance of the response by the Department does not preclude any future enforcement action deemed necessary at this site or any other site.

The Department will keep the inspection and the response on file. If future violations occur that require enforcement action, the Department will consider the inspection and response as required by the Pollution Control and Ecology Commission Regulation No. 7, Civil Penalties. This regulation requires the Department to consider the past history of your site and how expeditiously the violations were addressed in determining any civil penalties that may be necessary for any future violations.

If we need further information concerning this matter, we will contact you. Thank you for your attention to this matter. Should you have any questions, feel free to contact me at 501-682-0632 or you may e-mail me at [bolenbaugh@adeq.state.ar.us](mailto:bolenbaugh@adeq.state.ar.us).

Sincerely,
