Subject: Updated Status Report of NPDES Permit Number AR0043389

Dear Ms. Allen-Daniel:

We have received your Request for a Corrective Action Plan based upon your review of the certified Discharge Monitoring Reports (DMRs) submitted by our facility from January 1, 2016, through December 31, 2018.

I have contracted Smith & Weiland Engineering who are P.E., to work with us in order to complete the CAP for our effluent violations. Due to the recent month of severe flooding we have been unable to complete this action plan within the March 5th deadline and respectfully request a six-week extension on the CAP in order to complete this request as thoroughly as possible.

If you have any questions do not hesitate to contact me.

Best Regards,

Jack Ross
